In such a case, the Company shall have the right, if applicable, to reverse all Client's trades and close any or all of his trading accounts.

-

7. Charges

- 7.1. Prior to entering into any transactions with the Company, please ensure that you have considered any and all applicable charges such as Spread(s), commission(s) and swap(s), which are available on the Website. It is your responsibility to ask for further clarifications should you require so. Any applicable charges shall be instantly deducted from

your Trading Account(s). For your convenience, you may find all costs and associated charges and how you may pay for them on our website.

- 7.2. Certain types of Costs may appear as a percentage of the value of the CFD; therefore the Client has the responsibility to understand how Costs are calculated.
- 7.3. The Company may vary its costs from time to time. The Company will send a Written Notice to the Client informing them of any changes, before they come into effect. The variation will take effect from the date which the Company specifies in its notification to the Client. The Company will endeavour to provide the Client with at least five business days notice of such alteration save where such alteration is based on a change in interest rates or tax treatment, or it is otherwise impractical for the Company to do so.
- 7.4. Swaps are calculated based on charges the Company has from its Liquidity Providers. All CFDs conducted with the Company relate to open-ended margin products that require funding on a daily basis.
- 7.5. When trading future contracts, it is important to note that each contract has an expiration date, on which trading on the specific contract is terminated. Also, when close to expiry, a new contract will be added to the server, and the previous will be set to close only mode until the expiration. Once a future contract expires, trading will no longer be available, including closing positions manually from the trading platform. If you have any open positions remaining once expiry date has passed, all open positions and orders are automatically closed by the Company with the last available price on the MT5 server. Open positions and orders will not automatically be rolled over on the next future contracts.
- 7.6. The Company has the right to stop providing prices for specific currency pairs and settlement dates at any moment without prior notice to the Client. When the Company quotes a price, market conditions may move before the time when the Client's order will be executed. Such movement may be in the Client's favour or against it.

- 7.7. Prior to opening an account with the Company, the Client needs to consider any applicable charges such as spread(s), mark-up(s), commission(s) and swap(s). The Client is solely responsible for requiring clarifications from the Company in relation to the above, if necessary. The Client may review all applicable charges, prior to entering into an agreement with the Company as well as at all times, on our Website.
- 7.8. The Client should know that not all charges are represented in monetary terms and may appear, for example, in pips; therefore, the Client needs to ensure that he/she understands the cost that the pip amounts to.

8. Deposit and withdrawals

- 8.1. The Client may deposit funds into his Trading Account at any time during the course of this Agreement. Deposits will be accepted by bank transfer, swift, e-wallet, debit/credit card or any other method of electronic money transfer acceptable by the company from time to time. The Company shall credit the Client's Trading Account within one business day after the amount is cleared into the Company's bank account with that relevant amount. The relevant amount will be net of any transfer fees or other charges incurred by the Company that are imposed by the Institution that holds the funds.
- 8.2. Client's funds held on a trading account will be deposited in an institution specified by the Company, on Client's behalf. The funds will be segregated by the Company and held in accordance with applicable regulations in a segregated client account. The Company may hold the funds of different customers in the same account. It is further acknowledged that the Company is in collaboration with two paying agents for the provision of paying agent services in relation to the Company's investment services:
- CYDEAVOUR Limited, a company incorporated in the Republic of Cyprus with registration number HE 431463 and having its registered address at Elpidas 8, Pyrgos, 4534 Limassol, Cyprus.

All payments related to Paysafe will be processed by CYDEAVOUR Ltd.

- 8.3. The Company will not accept third party or anonymous payments of funds.
- 8.4. The Client accepts that the Funds shall be deposited in his/her trading account only if the Company is satisfied that the sender of the Funds is the Client or his/her authorised representative if the Company is not satisfied as to the above then the Company has the right to reject the Funds and return them to the remitter net of any transfer fees or other charges incurred by the Company, using the same transfer method as the one through which it originally received the Funds.
- 8.5. The Company shall proceed with the withdrawals of Client funds upon the Company receives the relevant request from the Client in the method accepted by the Company.
- 8.6. Once the Company receives an instruction from the Client to withdraw funds from the Client's Account, the Company shall process the request on the same day, or the next working day if the Client's request is received outside the normal business hours, the 'cut off time'. If the request is received after 'the cut off time', the withdrawal usually will be processed the next business day but no later than the next two business days, provided that the following requirements are met:
 - a. The withdrawal request includes all necessary information
 - b. The request is to make a withdrawal from your trading account
 - c. The request is to make a transfer to the originating account (whether that is a bank account, a payment system provider etc)
 - d. The account where the transfer is to be made, belongs to the Client
 - e. At the moment of payment, the Client's balance exceeds the amount specified in the withdrawal request including all payment charges, if any

- f. There is no Force Majeure event which prohibits the Company from effecting the withdrawal
 - g. The Client is fully verified according to the Verification guidelines.
- 8.7. When the withdrawal request is processed, the transferring amount reduces the balance of the Client's account. Should the balance fall below the margin level, this will trigger a margin call and subsequently a stop out, which can in turn lead to partial or full closure of your open trades.
- 8.8. The Client may withdraw from his/her own account any available amount that is not involved in trades and not held to meet the margin requirement without closing the account.
- 8.9. The Client acknowledges and agrees that the Company will be entitled to cancel suspicious withdrawal requests and/or request additional information/documents. It is agreed that if the Client fails to provide the Company with the requested information within one (1) week from the day the request was made, the Company will be entitled to cancel the withdrawal request.
- 8.10. The Client acknowledges that the bank transfer might take up to seven (7) working days. The Company shall not be liable for any delay that folds beyond the Company's control.
- 8.11. Any fees that are charged by the bank or the payment systems due to funds transferring from the Client's trading account to his/her bank account or to any other PSP, will be paid by the Client. The Client is liable for correctness of provided payment details.
- 8.12. The Client agrees that the funds will be credited to his/her bank account with fee deduction that has been paid to the bank or any other payment system the Client used.
- 8.13. The Company may hold Client's money and the money of other Clients in the same bank account (omnibus account).

-
- 8.14. The Company may deposit Client's money with a third party for collateral/margin purposes.
 - 8.15. The third party to whom the Company will pass money may hold it in an omnibus account and it may not be possible to separate it from the Client's money, or the third party's money.
 - 8.16. Profit or loss is deposited/withdrawn from the Client's Trading Account once the transaction is closed.

9. Trading conditions

- 9.1. The Client accepts and understands that the Company reserves the right, in its discretion, to terminate or limit his access to the Company's Online Trading System or part if the Company suspects that he/she is allowed such use.
- 9.2. The Client puts an order with the price that he or she can see in the Trading Platform and when the trade is opened then the execution will start. The price in the Client's order may differ from the current market price because of the high market volatility or by delays caused by failures in the Internet Connection between the Client and Company servers. The Client must make a trade in his/her own name or entitle somebody else to act on his/her behalf. The latter needs notarised power of attorney and other required documents.
- 9.3. A trading order can be put and executed/deleted only during the Company's trading hours; however, this order will remain valid during the next trading hours' timeframe.
- 9.4. The Company can change the list of assets that are available for the Client to open Forex and/or CFD trades.
- 9.5. If deemed necessary, the Company may impose limitations on the number of open positions by a Client or impose other limitations, for example limitation on the maximum amount per order and/or control of the Trading Platform in order to identify the Client while he/she makes a trade. If these limitations are imposed, the Company will notify the Client in advance about such changes.
- 9.6. Confirmations for all transactions that have been executed in the Client's trading account will be available via the Client's online account

through the Trading Platform as soon as the transaction is executed. It is the Client's responsibility to notify the Company, within two (2) business days, if any confirmations are incorrect.

- 9.7. Each position opened by you, and any Transaction completed will be binding on you notwithstanding that by opening the Position you may have exceeded any credit or other limit applicable to you or in respect of your dealings with us. It is noted however that the Company applies a Negative Balance Protection Policy pursuant to which, you may not lose more than the amount deposited in your account. In the event that a Position is closed at such price causing your equity to fall below zero, the Company shall waive its right to receive the balance from you and nullify the trading account balance back to zero.
- 9.8. The Client agrees and understands that Orders shall be executed as follows:
- a. Spot/Forward or CFD Transactions shall be executed at the price in effect on the Company's trading platform at the time the relevant Order is placed, provided that the Company reserves the right to send the Client a re-quote, or reject the Order including but not limited to situations of high market volatility, and any other circumstances that the Company deems that to be necessary according to the Order Execution Policy, available at any time to the Company's website and as an appendix to this Agreement.
 - b. The Client acknowledges and agrees that the Company is under no obligation to quote any specific price, which is quoted in a specific Financial Market.
 - c. The Profit or Loss in any Forex and CFD Transaction will be: (i) the last traded price at or prior to the closing of the Position, (ii) less the last traded price at or prior to the opening of the Position, (iii) plus or minus (as the case may be) any spread that the Company may apply when such a Position is opened and closed, (iv) times the volume of the Position. The Client acknowledges that it is the Client's responsibility to make itself aware of the price of the Financial Instrument and of any spread or commission that the Company may apply when opening and/or closing a Position.

- d. The Price of the Expiring Transaction will be the last traded price at or prior to the Closing Time, plus or minus (as the case may be) any spread, fee, interest adjustment or commission that the Company may apply when such an Expiring Transaction is closed.
- 9.9. The Client acknowledges that it is the Client's responsibility to make itself aware of the Closing Time and of any spread and/or Commission that the Company may apply when closing and Expiring Transaction. Closing times for CFDs offered by the Company are available on the website.
- 9.10. If at any time trading on a relevant financial market or trading in a certain underlying asset is suspended, the Company shall suspend the trading in the CFD transactions based on such Underlying Asset and calculate the value of the CFD with reference to the last traded price before the time of suspension, as reasonably determined by the Company. In the event that the previously mentioned suspension continues for five (5) business days, the Company may decide, at its sole and absolute discretion, a closing time and price of the relevant CFD. During the term of a CFD Transaction whose market is suspended, the Company shall have the right to terminate the CFD Transaction at its discretion, and to amend or vary the margin requirements.
- 9.11. Under certain trading conditions, it may be impossible to execute Stop Loss Orders, Take Profit Order, Buy Stop Orders, Sell Stop Orders or other limit Orders on any financial instrument at the declared price. In such a case, the Company has the right at its sole discretion to execute such Orders or change the opening (closing) price of the transaction at the first available price. This may occur, for example, at times of a rapid price movement if the price rises or falls in one trading session to such an extent that under the rules of the relevant exchange, trading is suspended or restricted. Or this may occur if the trading session starts within moments, so as a result, placing a Stop Loss order will not necessarily limit the Client's losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price.
- 9.12. The Company has the right at its sole discretion to increase or decrease spreads on Financial Instruments depending on market conditions and Client's profile. The Client acknowledges that events such as changes in the Financial Markets, news, announcements,

political and economic events or periods of low liquidity may result in wider spreads. The Client acknowledges and agrees that Spreads indications on the Company's website are indicative only and in no way binding. Spreads may widen at any time and without prior notice and that there is no limit to how wide Spreads may be.

- 9.13. Trading conditions may differ from client to client based on the risk profile of a particular client and their trading activity.

10. Margin and leverage requirements

- 10.1. By entering into this Agreement, the Client acknowledges and agrees that he/she understands the concepts of Leverage and Margin, as these are defined in the definitions above.
- 10.2. The Client shall provide and maintain the Initial Margin and/or Hedged Margin in such limits as the Company, at its sole discretion, may determine at any time under the Trading Conditions for each type of CFD.
- 10.3. If at any time, the Equity falls below a certain percentage of the necessary margin, the Company has the right to close any or all of the Client's Open Positions without the Client's consent or any prior written notice to him/her. In order to determine if the Client has breached this paragraph, any sums referred to therein which are not denominated in the Currency of the Client Account shall be treated as if they were denominated in the Currency of the Client Account by converting them into the Currency of the Client Account at the relevant exchange rate for spot dealings in the foreign exchange market.
- 10.4. The Client has the responsibility to notify the Company as soon as he believes that he will be unable to meet a Margin payment when due. Should the Client fail to meet a Margin Call, the Company has the right to close part or all of the Client's open positions.
- 10.5. Trading on leveraged capital, means that you can make trades with values that are significantly higher than the funds you actually invest, which only serve as the Margin. High Leverage can significantly

increase the potential return, but equally it can also significantly increase potential losses.

- 10.6. The Company may restrict the default and/or any selected leverage ratios at any time and without notice in the following scenarios:
- a. If it considers this to be in the Client's best interest
 - b. If this is required under the Applicable Laws and Regulations, or
 - c. The Company, at its entire discretion, considers it necessary having regard to prevailing or expected market conditions and volatility.

11. Transactions, lien, netting and set-off

- 11.1. The Client agrees to be fully liable for the management of every transaction that was made under his/her account through the Company's trading terminal.
- 11.2. Clients can review their account statements through a feature in their online trading platform. Any confirmation of the account balance or completed transactions shall be final, unless the Client has any objection in relation to such account balance statement or completed transactions. Any objections should be communicated in writing and received by the Company within five (5) working days from the moment of any Account Statement or transactions receipt.
- 11.3. The Client understands and accepts that he must not conduct any abusive trading techniques such as but not limited to placing of 'Buy Stop' or 'Sell Stop' orders before the release of any financial data, Arbitrage, System or Platform Manipulation. In such cases, the Company reserves the right to reverse/cancel part or all of Client's transactions and/or terminate any contractual relationship.
- 11.4. The Company shall have a general lien on all Client's money held by the Company or its Associates or its nominees on the Client's behalf until the satisfaction of the Client's obligations.

- 11.5. If the aggregate amount payable by the Client is equal to the aggregate amount payable by the Company, then the Company may determine that the mutual obligations to make payment are set-off and cancel each other.
- 11.6. The Company has the right to combine all or any Client Accounts opened in the Client name and to consolidate the balances in such accounts and to set-off balances.

12. Amendment and termination of agreement

- 12.6. Upon termination of this Agreement, the Company reserves the right to without prior notice to the Client:
